

DUAL HIGH-POWER THYRISTOR MODULES & PHASE CONTROL THYRISTORS

New high power, high voltage diodes and thyristors by IXYS.

Phase Control Thyristor Types
N4240EA480 and N4240EA520
4240A, 4800V – 5200V

Dual high-power Thyristor Modules
MCC240-60io2 to MCC240-65io2
240A, 6000-6500V

Distributed by **ECOMAL**[®] for

- heavy industries, generators
- transportation converters
